ABOUT ME

Passionate and dedicated MERN Stack Developer with practical experience building full-stack applications, including real-world projects like eCommerce platforms, project management tools, and custom authentication systems. Trained for one year at SMIT, gaining strong command over both frontend and backend technologies.

PROJECTS

ProManage – Project Management Website (MERN Stack)
A fully responsive project management tool developed using MERN Stack.

MOVIE APP (HTML, CSS, JAVASCRIPT, API)

Developed a movie search app that fetches data from an external API.

Displayed trending movies, search results, and detailed info using dynamic DOM manipulation.

ROLE-BASED AUTHENTICATION APP (FULL STACK)

Board of Intermediate Education – Hyderabad, Pakistan

Created a complete authentication system with login, signup, role-based access (Admin/User), and password reset via email.

Implemented JWT and bcrypt for secure authentication.

EDUCATION

Intermediate in Computer Science
 Board of Intermediate Education – Hyderabad, Pakista
